OTHER RESOURCES

English Skills Center (DH 210)—the English Skills Center is designed to assist students who are enrolled in ENC 0020, College Preparatory English. In the traditional class, students enrolled in ENC 0020 are required to attend the lab at least once a week and to complete a certain number of assignments before a certain date. Since you, however, are in an AIM course, you ARE NOT REQUIRED TO ATTEND THE LAB. Whenever you need and desire more help mastering skills, you are able to go in and receive such help when the lab is open. In order to work in the lab, you MUST purchase a *Write Right* lab manual.

College Survival Skills Workshops—Ms. Betty Jensen, a TCC counselor, has produced videos to assist students with their study skills. If you are interested in viewing any of her videos, you may do so in the Audio-Visual Center (second floor) of the library.

*ALLWRITE!*—this is software that you can actually purchase from the bookstore (this software has nothing to do with the CD wrapped inside your textbook). To work on the program, you may visit the Academic Computing Center (2nd floor). *ALLWRITE* contains practices on grammar and punctuation. Work in *ALLWRITE* is optional. YOU ARE NOT REQUIRED TO DO ANY WORK IN *ALLWRITE*!

The *English Skills* CD-ROM—a compact disc accompanies your textbook. You may download this on your computer if you desire more practice on your skills.
