[1] No POD for tomorrow. I returned TEST #1 & NOTEBOOK #1.
We went over the most common errors on the test.

[3] **Thm 4.6:** Every n-th LODE on \( I \) has a fundamental
set of solutions.

[4] \[ \text{GenSol to an n-th LODE w/ fund set } \{ y_1, \ldots, y_n \} \]

\[ Y = \sum_{i=1}^{n} c_i y_i \quad c_i \text{ are constants} \]
